## Post in General

**Help us stop City Loop!**

Holly Joyce from South Park Hill

From your good friends in the City Park neighborhoods, I would like to invite you to join us in opposing the 13-acre, \$5,000,000 attraction, called City Loop, that the Hancock administration has planned for City Park. We kicked off our opposition campaign with a presentation at Greater Park Hill Community board meeting last week and are working to spread the word to other neighborhoods.

Please go to <http://stopcityloop.org> for more information and to check out our Video.

Then please sign up in the Join Us section. We need you and your neighbors in our fight to prevent another civic attraction from taking up more of our City Park.

7h ago

The City Loop project is in the early design phase, and there's still a lot of design work and fundraising to be done. As some other commenters have noted, the Parks Department has held numerous public meetings seeking community input. This "Stop City Loop" group is unlikely to stop the project, and if anything, the group's inflammatory and uncooperative "tone" will breed unnecessary ill-will. If you would like accurate information and a chance to voice your concerns or opinions, I recommend that you attend the Parks' City Loop Meetings, speak during a Parks Board meeting (where all citizens are allowed at least three minutes to speak in front of the Board and DPR managers) or contact DPR directly.

Leslie Twarogowski  
President, Denver Parks and Recreation Advisory Board
