Subject: City Loop Stakeholders Meetings

Good afternoon,

Thank you for agreeing to be a part of the City Loop Stakeholder group. We have been working to with the many RNOs around City Park to build this group and as of this weekend we are up to approximately 40 members with good representation from many of the City Park neighborhoods.

We are planning two stakeholder meetings to discuss City Loop. These meetings are open meetings, but they are not considered public meetings. We will plan to hold a public meeting after the stakeholder meetings are complete and the design group has time to process the input and feedback discussed in each meeting. A specific agenda will be sent in a later communication, but generally the discussion will focus in on the proposed City Loop project and a number of options that the design team has been working on. These options include: repair/renovation of the existing Dustin Redd; replacement of the Dustin Redd playground with or without City Loop features; City loop concept with revised size and scope. Again, keep an eye out for the actual meeting agenda to come your way later this week or next.

The first meeting will take place **on February 26 from 6:30 -8 p.m. at the City Park Golf Course club house/restaurant**. Refreshments and light snacks will be provided. The second meeting is scheduled for March 12 at the same time, but the location at this point is still TBD. We hope to use the same location, but we are currently exploring an alternative location in the area just in case.

We want to thank you in advance for your time and your participation in this group. We are looking forward to the conversation and we value your input.

Regards,

Jeff Green, on behalf of the DPR City Loop planning and design team
